DURATION

4 Months

▼ Purpose of the Qualification

This part-qualification prepares the learner to function as an Above Surface Cleaner. An Above Surface Cleaner cleans and disinfects above-floor structures, fixtures and accessories in a commercial environment, working to the standards, methods and safety requirements of the sector.

▼ Entry Requirements

Registered entry requirement for this part-qualification:

- ▲ **Open access** — no prior qualification is required to enrol.
- ▲ **Recognition of Prior Learning (RPL)** for access is available through an accredited skills development provider.

▼ A qualified learner will be able to:

Prepare for the clean

01

Prepare equipment and tools, chemicals and consumables to clean above surfaces to the required specifications.

Complete the clean

02

Complete the cleaning of above surfaces to the required standard, using established cleaning principles and methods.

COMPLETION PATHWAY ► ALL THREE COMPONENTS, THEN THE EXTERNAL ASSESSMENT

1 COMPONENT

Knowledge

15 Credits

Theory, concepts and principles of commercial cleaning.

2 COMPONENT

Practical Skills

14 Credits

Supervised practice of the occupational skills.

3 COMPONENT

Work Experience

17 Credits

Applied practice in a real commercial workplace.

★ FINAL

EISA

External Assessment

Externally assessed once all modules are complete.

Three compulsory components

The qualification consists of three compulsory components aligned with QCTO standards, ensuring comprehensive skills development and the full benefit of a structured learnership. All three must be completed before a learner may attempt the External Integrated Summative Assessment (EISA).

46
TOTAL CREDITS

Knowledge Modules

15 CREDITS

Build the informed base of theory, concepts and principles in commercial cleaning.

KM-01 Introduction to the world of work

KM-02 Commercial cleaning equipment, chemicals and consumables

KM-03 Introduction to above the floor surface

Practical Skill Modules

14 CREDITS

Give learners the opportunity to practise the specific occupational skills required for the role.

PM-01 Complete before-shift duties

PM-02 Clean above floor surfaces

PM-03 Check and confirm completed tasks

Work Experience Modules

17 CREDITS

Apply the skills in a real workplace, with exposure to typical systems, policies, procedures and practices.

WM-01 Procedures for completing before-shift duties

WM-02 Procedures for cleaning above the floor surfaces

WM-03 Procedures for checking and confirming completed tasks

EISA Eligibility

Before attempting the External Integrated Summative Assessment, a learner must provide a Statement of Results from a skills development provider confirming successful completion of:

- ✓ All knowledge modules
- ✓ All practical skill modules
- ✓ All work experience modules
